

Jan 16 - Iran Prepares for Nuclear War

January 16, 2024

“The **Third World War** must be fomented by taking advantage of the differences caused by the “agentur” of the “Illuminati” between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other. Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion...We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil. Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.”

(left, Albert Pike's 1871 letter to Giuseppe Mazzini. This scenario is coming true! But no one wants to acknowledge that both Iran and Israel are controlled by Freemasons. The coming war is a charade to degrade and depopulate humanity, avoid the Nov 2024 election, and bring in Agenda 2030.)

Col Douglas Macgregor says Iran is upgrading its uranium to produce weapons-grade plutonium. This means it could have nuclear weapons in a

short time. "We're on a slippery slide into a major regional war..Washington wants a war with Iran...all of these things points to a disaster."

"The fuse is lit on a powder keg in the Middle East, and Colonel Macgregor is here to decode the imminent dangers for global security. His expertise unveils Iran's alarming progression towards weapons-grade uranium enrichment and the whispers of nuclear aid from Pakistan to Turkey--developments that could trigger a catastrophic regional war."

Gonzalo Lira's torturers were allegedly trying to extort \$500,000 from him, and killed him after he told his lawyer. (The US embassy was trying to deal with it.)

"Three days after the increase in blackmail, Gonzalo called his lawyer, but before the lawyer got there, he was killed. An ambulance crew found that he had died of cardiac arrest, with multiple burns from stun guns. The US embassy is silent, Zelensky's office is silent, the Ukrainian security service is ready to pay for the delivery of the body to Poland, and that's it. Curtain closed."

Queensland nurse Ella Leach has been fired from her job for refusing the COVID-19 jab despite being seven months pregnant and the state lifting the vaccine mandate in September last year.

"Nothing really prepares you for it," Ms Leach told Sky News host Caleb Bond.

"I'm seven months pregnant nearly - I should be focusing on the joys of becoming a first-time mum, but it's overshadowed by this process.

"There's no sensible reason why they would continue this action, we know that our hospitals are screaming out for staff, we're seeing ambulances ramped outside, people dying in ambulances, rural areas really suffering.

"I don't know why they bothered to drop the mandate if they were going to continue firing people - I'm one of at least 50 since September 25."

That slipped totally UNDER THE RADAR. Purposefully. Disease X is the mystery contagion that the World Economic Forum is having a meeting about on January 17th, 2024 that they say "could have 20 times more fatalities than COVID"

Europe is preparing for Russian President Vladimir Putin to expand his country's war in Ukraine and attack NATO ally countries next year, leaked documents published in German newspaper BILD reveal.

According to the outlet -- which obtained the classified military information from the German Ministry of Defense -- the country's armed forces are gearing up for a "hybrid" Russian attack in Eastern Europe.

Biden told hecklers at a campaign event last week that he's "quietly" pushing Israel to "significantly get out of Gaza."

Only around 1 percent of the human DNA produces protein; the job of the other 99 percent of DNA is mostly unknown.

"There's ... a lot of uncertainty about our genome--what it does, how it supports life and creates life, and creates the miracle of each individual human being," Dr. Ladapo said. "What we do understand is that some of the potential risks of DNA integration include development of cancers, because ... of the regulation of different aspects of DNA and cell growth.

"Other possibilities include the disruption of the normal expression of some proteins, which then subsequently could lead to disruption of normal human function."

Quebec man pleads guilty to starting 14 forest fires

38-year-old Brian Paré told the Chibougamau courthouse that he was guilty of the 13 counts of arson against him and one count of arson with disregard for human life.

In a bizarre twist, Paré had been actively posting on his Facebook page about the very forest fires he started. He even claimed these fires were part of a government-led climate change psychological operation.

Ultimately, these organizations and the shadowy forces behind them hope to silence truth and dissent, as they are terrified that Americans and humanity are waking up to their lies and evil. They may even unleash a pandemic "20 times more deadly" than COVID. However, they are in a race against time, as billions are waking up already.

Comments for "Jan 16 - Iran Prepares for Nuclear War "

Imran said (January 17, 2024):

The tunnels in Gaza are 600x larger than thought because the funding and materials mostly came from international donors to create what the Israeli left billed as a Singapore with Gaza after the settlers were evacuated from there at a cost of around \$900 million. Barry Chamish covered some of the tricks by the Israeli left such as sabotaging protest groups, infiltration, etc to achieve the goal in his articles and even wrote a book on the subject.

The Gaza protests are funded by the globalist organizations in Israel just as they were funded earlier for that Supreme Court change rule in the Knesset to get the leftists in power. There is no genocide for the Gazans. It would be foolish for Israel to say on the international scene that the Gazans can return once Hamas is gone and then backpedal. This "genocide" is just globalist media propaganda. Israeli settlers were told to leave in Northern Israel close to Lebanon. Genocide? Just like with Libya under Qaddafi the globalist even used the ICJ. Just to refresh everyone's memory:
